Clinical Speech Pathologist – Position 94034-AS

**Education:** A Master’s Degree in Speech Language Pathology is required. Specialization in the area of Developmental Disabilities and Augmentative and Alternative Communication (AAC) is preferred.

**Appointment Percentage:** 20 – 100%

**Full-time Salary Rate:** Minimum: $45,442 annually; Depending on qualifications

**Job Summary:**
The Waisman Center is dedicated to the advancement of knowledge about human development, developmental disabilities, and neurodegenerative diseases throughout the lifespan. One of only 14 centers of its kind in the United States, the Waisman Center encompasses laboratories for biomedical and behavioral research, a brain imaging center, and a clinical biomanufacturing facility for the production of pharmaceuticals for early stage human clinical trials. In addition to its research efforts, the Center provides an array of services to people with developmental disabilities, offers numerous educational and outreach programs to young children and their families, and trains scientists and clinicians who will serve our nation in the future.

The Clinical Speech Language Pathologist is a staff member of the Developmental Disabilities and Genetics Clinical Services, University Center for Excellence in Developmental Disabilities (UCEDD) work unit at the Waisman Center. The Speech Language Pathologist (SLP) will provide diagnostic and treatment services to the Communication Aids and Systems Clinic (CASC) and other Waisman Center clinics as needed. The SLP will provide consultation to other programs and functions of the Waisman Center, including the LEND program, inpatient diagnostic and treatment services at the University of Wisconsin Hospital and Clinics (UWHC) and American Family Children’s Hospital (AFCH) and may provide community outreach services through the Communication Development Program (CDOP).

**Minimum Qualifications:**

Must have knowledge of and experience using a wide range of low and high technology Augmentative and Alternative Communication (AAC) systems as well as possess clinical skills in evaluating and treating individuals with disabilities who need AAC.

Must be licensed or eligible for licensure in the State of Wisconsin in Speech Language Pathology. Certification of Clinical Competence in Speech Language Pathology (CCC-SLP) is required.

Well-qualified candidates will have the following preferred knowledge and experience:

- Experience working with individuals who need AAC of varying ages (children and adults) with diverse, severe disabilities and multiple impairments.
- Experience as a Speech Language Pathologist with training and/or experience in: speech and language assessments for children with a variety of developmental disabilities (including autism spectrum disorders, intellectual disabilities, cerebral palsy and genetic disorders) and feeding assessment and intervention for young children with special needs.
- Experience working on an interdisciplinary team.
- Experience working with individuals with behavioral challenges.
- Experience in a Maternal and Child Health (MCH) funded training program such as LEND (Leadership Education in Neurodevelopmental Disabilities).
