**Education:** Bachelor’s degree is required, preferably in the field of biochemistry and/or molecular biology.

**Appointment Percentage:** 100%

**Full Time Salary Rate:** minimum $30,207 annual – depending on qualifications.

**Number of Positions:** 1

**Minimum Number of years or type of relevant work experience:**

Well qualified applicants will have the following preferred experience:

- Prior experience in a research laboratory.
- Prior expertise with cell culture, mouse breeding and handling.
- Prior experience or expertise in performing DNA/RNA and protein analysis, real-time PCR, site-directed mutagenesis, enzymatic and kinetic assay development is preferred.

**Job Summary:**

The Puglielli laboratory focuses on the molecular mechanisms of neurodevelopment and neurodegeneration. The laboratory employs a combination of biochemical, cellular, molecular and genetic approaches in in vitro, ex vivo and in vivo models. This position will be expected to contribute to research projects, such as an ongoing research project focused on developmental and degenerative diseases of the brain.
